Education

Alexandria University, Faculty of Computing and Data Science
Bachelor's in Computing & Data Science

Alexandria, Egypt
Jun 2027

- Relevant Coursework: Data Structures & Algorithms, Machine Learning, Database Systems, Linear Algebra, Probability & Statistics, Distributed Processing.

Skills

- **Programming & Databases:** Python, Java, R, JavaScript, SQL.
- **Data Science & Analytics:** Data Cleaning, Data Visualization, Statistical Analysis, Exploratory Data Analysis (EDA), Feature Engineering, A/B Testing, Power BI.
- **Machine Learning & AI:** Scikit-Learn, TensorFlow, Keras, PyTorch.
- **Data Libraries:** NumPy, Pandas, Matplotlib, Seaborn, Plotly.
- **Cloud & Big Data:** AWS (S3, EC2, Lambda).
- **Development Tools:** Git, GitHub, Linux, Flask, Streamlit, Jupyter Notebook, VS Code.
- **Soft Skills:** Problem Solving, Team Collaboration, Technical Communication.

Projects

HR Employee Attrition Analysis Dashboard | Power BI - [Link](#) Nov 2025

- Identified high-risk groups (Sales Reps 39.8%, overtime workers 30.5%) by analyzing 1,470 employees across demographics and satisfaction metrics.
- Uncovered 5 key retention factors contributing to 16.12% attrition rate using DAX correlation analysis and interactive filtering.

Fashion MNIST Classifier | Python, TensorFlow, Streamlit - [Link](#) Aug 2025

- Built an ML pipeline achieving 89.37% test accuracy after hyper-parameter tuning with Optuna (3 layers, 86 neurons).
- Launched a real-time Streamlit dashboard and recorded a reproducible workflow in Jupyter Notebook for future hand-off.

Job Market Analysis | Python, SQL Server, Streamlit - [Link](#) May 2025

- Processed over 8,000 job listings with an automated SQL pipeline, uncovering seasonal hiring trends and high-growth sectors in Egypt and Saudi Arabia.
- Built 12 interactive visualizations with Plotly & Seaborn to present market dynamics and employer insights.

Courses & Certifications

- **Deep Learning & MLOps:** Designed and implemented ML systems using Keras and MLOps tools.
- **Statistical Learning:** Mastered core concepts of Statistical Learning through the ISLP curriculum.
- **Machine Learning Specialization** (Coursera & Stanford Online) - May 2024 - [Link](#)
- **Data Analysis with Python** (Coursera & IBM) - Dec 2023 - [Link](#)
- **Data Visualization with Python** (Coursera & IBM) - Dec 2023 - [Link](#)
- **AWS Academy Cloud Foundations** (AWS Academy) - Oct 2025 - [Link](#)
